

How to Customize the Template

Step 1

- Open the PSD file(s) in Adobe Photoshop.
- Double click the smart-object layer(s) marked in **RED COLOR** on the very top duly namedv respectively and add your design and click Save. Your design will automatically be shown on the mock-up.

**Double Click &
Add Your Design**

Step 2

- You can change the brightness and contrast of the entire scene.
- You can also change the background color.
- Once you are done, save the file, export the scene as JPG, PNG, GIF, etc, and enjoy!
